Giving Shape to Ideas

Make colour fit your company and your costs.

To ensure that the use of colour documents and presentations isn't only for large companies, Konica Minolta created the compact, easy-to-use and surprisingly affordable bizhub C200. As everyone knows, colour makes your presentations and proposals more convincing. And, this compact machine boasts excellent colour image quality. It also reaches copy and print speeds of 20 pages per minute in both black & white and colour, to make sure your documents are ready when you need them. Whether you're copying, printing, scanning or faxing, the C200 promises to be just the right fit for you, your office and your company's success.
bizhub
C200

Model shown with options.

Make your office more efficient.

The multifunctional bizhub C200 helps small offices like yours become more efficient and more friendly places to work. This all-in-one machine lets you streamline your office by allowing you to relocate print, copy, scan and fax functions to one convenient site. By utilising the C200's scanner you can also free up valuable floor space by converting hard documents into digital files. Financially, the C200 allows you to lower your total cost of ownership (TCO) by getting rid of your black & white copier, colour printer, scanner and fax and replacing them with one efficient machine capable of taking on the work of all those devices. The C200's Internet and IP Address Fax features will also help you reduce communication costs. And, the bizhub's exceptional energy efficiency will cut utility costs. Finally, the C200's ultra-quiet operation also helps create a less noisy, and more friendly work environment.

bizhub C200

Make the most of your valuable time.

Whether you're working in black & white or in colour, printing, copying, scanning or faxing, the bizhub C200 helps you get your work done efficiently and creatively every time. The C200 offers high-speed output, vivid colour and a host of other features and functions built to help you and your office improve its workflow productivity.

High Image Quality

Due to a collection of technologies like our polymerised Simitri HD Toner, the C200 promises exceptional image quality. Simitri HD Toner is resistant to wear and tear thanks to its high fade resistance, matching that of professional printing ink. This makes documents suitable for long-term storage. Thanks to the toner's oil-less fixing, it is also easy to write on printed documents with a water-based pen or securely stick adhesive notes to them.

High-Performance Emperon Print System

Standard on the C200, the Emperon Print System provides multi-OS support that can be utilised in a mixed network (Macintosh and Windows-based PCs) environment. The C200's Emperon also features standard PCL and PostScript drivers.

Windows XP | Windows Vista
Windows 2000 | Windows Server 2003 | Mac OS
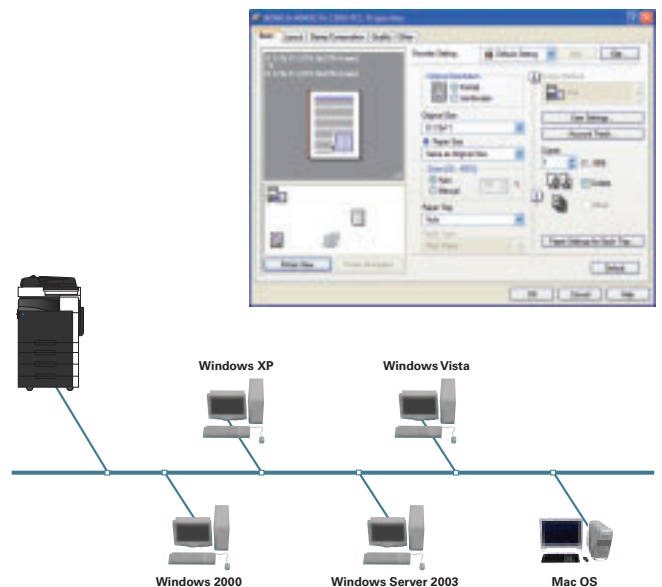

Tandem Engine

The C200 is equipped with the same type of tandem engine usually found in higher-end MFP models. This engine enables the C200 to achieve both high image quality and output speeds of 20 pages per minute in either black & white or colour.

## Thick Paper Compatibility and Large Paper Capacity

The C200 accommodates thick paper up to $256g/m^2$ in all of its trays. In terms of capacity, it holds up to 3,350 sheets of paper, including 100 sheets in its multiple bypass tray. And, it accommodates a wide range of paper sizes including paper from A3 wide to A6, as well as envelopes and labels.

Scanning

With the C200's scanner you have the ability to scan documents, convert them to digital data and then send them to a variety of destinations; these include Scan to E-mail, Scan to FTP, Scan to SMB and TWAIN scan.

Multi-Method Send
Get more done in less time with Multi-Method Send. The C200's Multi-Method Send allows you to send data by fax and e-mail to multiple destinations with a single operation while simultaneously sending the data to SMB or FTP.

Fax

The C200 boasts an optional fax with features that utilise network infrastructure—Internet and intranets—to move information faster and to provide cost reductions. Besides our G3 fax, this machine offers Internet Fax, IP Address Fax and PC Fax (for Windows only) functions.

Intranet
IP Address Fax
Internet
Internet Fax
PC Fax
PSTN
G3 Fax
IP Address Fax
The C200's IP Address Fax allows you to cost-effectively send a black & white fax to any bizhub on the network that supports IP Address Fax simply by selecting an IP address. Because this method uses existing network systems, no additional costs are associated with it.

IP Address/G3 Fax Automatic Switching
Should a transmission error occur while sending an IP Address Fax or Internet Fax, the C200 automatically switches the destination to a pre-registered G3 fax number, ensuring the certainty of your transmission.

IP Address Fax or Internet Fax
Transmission error
Switches the destination to a pre-registered G3 fax number automatically

Security and Management

The bizhub C200's security and management features were developed to help you maintain your company's bottom line. bizhub's department management function offers the security of departmental authentication, and allows the administrator to restrict functions such as colour output, which keeps overall bizhub utilisation costs under control.
Universal Design

Designed to accommodate anyone regardless of age, gender, body size or disability, the C200 features a vertically tilting control panel with improved tilt mechanism, easy-grip paper trays and front access to toner and paper. The "start" button also has an easy-to-see blue LED light.

No-grip tilting control panel

Large, easy-grip paper trays

Convenient front access

Optional Assist Handle for those with disabilities

Controller

Type		Internal Type
CPU		Power PC 440EP 667Hz
Memory		Shared with copier
Print Speed		Same as Copy Speed (when using the same original)
HDD		Not available
Print Resolution		Main: 600dpi x Sub: 600dpi
PDL		PCL5e/c Emulation, PCL XL ver.3.0 Emulation, PostScript 3 Emulation (3015)
Protocol		TCP/IP, LPD, IPX/SPX (NDS supported), SMB (NetBEUI), IPP1.0, EtherTalk
Support OS	Server	Windows 2000/Server 2003/Server 2003 x64 Edition
	Client	Windows 2000/XP/Vista/XP x64 Edition/Vista x64 Edition/ MacOS 9.2 or later/MacOS X ver.10.2-10.4 (10.5)/Mac Intel OS X 10.4 (10.5)
Font	PCL	80 European fonts
	PS	137 European Type1 fonts
Interface		Ethernet (10BASE-T/100BASE-TX), USB2.0 Compatible

Scanning Function

Type		Full-Colour Scanner
Interface		Ethernet (10BASE-T/100BASE-TX)
Driver		TWAIN Driver
Protocol		TCP/IP (SMTP, FTP, SMB)
Support OS		Windows 2000/XP/MacOS X ver.10.2 or later
Scanning Speed (A4 Crosswise)	Colour / B&W	20/40 pages/min (300dpi)
Scanning Size		Max. A3
Output Format		TIFF (#2 standard, No colour TIFF), PDF (V1.3 standard), JPEG
Scanning Resolution	Push	200/300/400/600dpi
	Pull (only TWAIN scan)	100/200/300/400/600dpi
Main Functions		Scan to E-Mail, Scan to FTP, Scan to SMB (Network TWAIN (via Ethernet TCP/IP))
Other Functions		Multi-Method Send, Authentication for e-mail sending

IP Address Fax Function
(Optional Fax Kit FK-507 is required.)

Protocol Transmission	SMTP, TCP/IP
Encoding System	MH, MR, MMR, JPEG
Sending Paper Size	Max. A3
Recording Paper Size	Flatbed Scan: Max. A3 Automatic Document Feeder Scan: B&W: Max. 297 x 1,000mm
Scanning Speed (A4 Crosswise)	B&W 200dpi: 40ppm
Interface	Ethernet (10BASE-T/100BASE-TX)
Resolution	200/300/400/600dpi

Fax Function
(Optional Fax Kit FK-507 is required.)

Communication	ECM/G3
Compatible Lines	PSTN, PBX
Line Density	G3: 8 dot/mm x 3.85 line/mm to 400×400dpi
Modem Speed	2.4kbps-33.6kbps
Compression	MH/MR/MMR/JBIG
Sending Paper Size	Flatbed Scan: Max. A3 (Long Length Max.1,000mm) Automatic Document Feeder Scan: Max. 297×1,000mm (Simplex), Max. 297×432mm (Duplex)
Recording Paper Size	Max. A3 (Long Length Record Max.1,000mm – following the page division –)
Transmission Speed	Less than 3 sec. (A4, V.34, 33.6kbps, JBIG)
Scanning Speed (A4 Crosswise)	B&W Fine Mode: 40ppm
Memory	Shared with copier
Number of Abbr. Dials	300
Number of Program Dials	30
Number of Group Dials	30
Sequential Multiple Station Transmission	Max. 210

System Options

- **Fax Kit FK-507** Allows the C200 to perform fax functions.
  - **Fax Multi Line ML-504**
- **Assist Handle AH-101**
- **Job Separator JS-505** Separates and designates location for output.
- **Expanded Memory Unit EM-310**
- **Mount Kit MK-723**
- **Mount Kit MK-718**
- **Mount Kit MK-712**
- **Key Counter Mount Kit 1**

- **Original Cover OC-508**
- **Automatic Document Feeder DF-612** Can set up to 70 sheets of two sided originals (80g/m²) for automatic duplex copying.
- **Stamp Unit SP-503**
- **Working Table WT-503**
- **Automatic Duplex Unit AD-505**
- **Multi Bypass Tray MB-502**

- **Paper Feed Cabinet PC-105** Equipped with a paper drawer that supplies 500 sheets.
- **Paper Feed Cabinet PC-104*** Equipped with a paper drawer that supplies 500 sheets.
- **Paper Feed Cabinet PC-204*** Equipped with a paper drawer that supplies 500 x 2 sheets.
- **Paper Feed Cabinet PC-405*** Equipped with a paper drawer that supplies a max. 2,500 sheets.
- **Desk DK-504***

*PC-105 is required.
