

HP t5630 Thin Client

Powerful, flexible, easy—innovative!

The HP t5630 Thin Client delivers great value with a familiar Windows experience at the right performance level. Microsoft® Windows® XP Embedded SP2 operating system combined with a full-featured browser, Enhanced Write Filter, Symantec Endpoint Protection, terminal emulations, native dual monitor and widescreen support make the HP t5630 the optimum choice for business environments requiring a cost-effective thin client with flexibility and power.

Easy to deploy and manage

- Reduce the cost and complexity of managing your thin client deployments. Choose from a portfolio of industry standard management solutions from SMB to Enterprise.

More secure

- Store critical user data and applications on the secure, centralized server.
- Enhanced Write Filter and Symantec Endpoint Protection provide multilayered security.
- Add smart cards for more secure access to your network.
- Two USB ports inside a secure compartment help safeguard USB devices.

Performance and features at a great price

- Supports industry-leading brokers for quick and easy access to a variety of VDI solutions.
- Enjoy years of reliable use with solid-state design and industry-standard architecture.

Designed with the environment in mind

- Designed to be energy efficient, HP thin clients help save you money.
- HP's hardware return and recycling program, Planet Partners™ operates in more than 40 countries, regions and territories worldwide.
- Specialized bulk packaging has 24-packs of Thin Clients bundled together to reduce the amount packaging.

Global sales and support

- HP thin clients are backed by HP global service and support through our network of 50,000 IT pros in over 100 countries.
